The Court made the following :

ORAL ORDER: (Per Hon'ble Sri Justice B.Sudershan Reddy)

In response to the Court's notice, the Investigating Officer filed a detailed affidavit in which it is *inter alia* stated that during the course of investigation, number of witnesses were examined and inquest was conducted over the dead body of the deceased boy in the presence of panchas. The body was sent for autopsy to the Government Hospital at Tiruvur, Krishna district. The Medical Officer, who conducted autopsy over the dead body, opined that no injuries were found on the dead body and whatever peeling of the skin and injuries found on the body were post mortem in nature. Further, the viscera was preserved by the Medical Officer and sent for chemical analysis to the Scientific Officer, Regional Forensic Science Laboratory, Vijayawada, who analysed the material objects and mentioned in the report that organophosphate, which is an insecticide and poisonous substance, was found in the internal parts of the body of the deceased. The Medical Officer ultimately opined that the cause of death was due to asphyxia caused by cardio-respiratory arrest, which is due to poisoning. That the final report is likely to be filed within a short span of time. This is not the case requiring our intervention for issuing any further direction.

The writ petition is accordingly closed.
